

TEACHING RESOURCES FOR FAMILIES

Ashlyn Harris says: “There is no better feeling than going out to the field and stunning everyone doing what none of them thought you could do”

Ekkono questions:

What sensation do you have before starting a match?

Can you describe a situation that your feelings have been very intense?

The value of: Sensations

The sensation is the impression or emotion that produces an important or novel event.

For Ashlyn, the best feeling is "to do what none of them thought you could do."
