

## TEACHING RESOURCES FOR FAMILIES

Pedri says: “Leo Messi in training does things that are from another world.

I enjoy him every day and try to learn as much as I can from him”

### Ekkono questions:

Do you think it is important to want to learn new things every day?

Do you try to learn from your peers?

### The value of: Learn from others

The desire to know, to understand, to improve, to share leads us to a permanent state of learning, never to settle for what has been achieved. It is a way of being, an attitude towards life. Discipline, motivation and desire are important for learning.
