

## TEACHING RESOURCES FOR FAMILIES

Jürgen Klopp says: “If you want to have success in the future, you have to be ready to work now”

### Ekkono questions:

What does it mean to be ready to work now?

What does it mean to be ready to face new challenges?

### The value of: To be ready

Ekkono thinks that to be prepared is to be ready for the development or execution of something. Be prepared to face any challenge, professional or emotional.
